

# MJB Mushrooms

## Avondale, Pennsylvania

Located in the heart of Mushroom Country—Chester County, Pennsylvania, MJB is a family-owned marketer and packer of fresh quality mushrooms. They represent neighboring mushrooms growers.

WAC Mushrooms is MJB's white mushroom supplier. Billy Catana was immersed in the mushroom business from a young age, with his grandfather and father. In 1988, he started his own business, WAC Mushrooms. Billy is a smaller grower; he employs 40 workers who carefully hand select each mushroom; WAC moves about 85,000 cases per week. Tom Masha supplies MJB with crimini and portabella mushrooms. MJB's primary source for maitake, oyster, and shiitake mushrooms is a larger grower, Kennett Square Specialties in Kennett Square, PA. The town is dubbed the *Mushroom Capital of the World*.
